If PO is returned to the vendor by CS Accounts Payable, you will receive an automated email with the PO number in the subject line and will be directed to login and view the reason why it is being returned. To view a return reason, log back into the Vendor Login by following steps 1 and 2 and look at the far right columns. The “Returned” column will read “Yes” and the “Note to Vendor” column will have the reason. If the return reason states that the lessons were billed prior to completion of the lessons, you can resubmit the invoice after the lessons have been completed by following steps 5 and 6.
